Support the Development of Science and Mental Health at Charles University

On the occasion of the first anniversary of the tragic event at the Faculty of Arts of Charles University, we opened three sub-funds at the end of last year. These will support mental resilience and mental health at the university, as well as students of musicology and Nordic studies.

The Resilience Fund

The Resilience Fund supports projects by students, student associations, and university departments that focus on strengthening resilience, a sense of belonging, and mental health.
